

Dear American Friends,

This complementary book entitled *Liberation! The Economics of Hope*, and accompanying letter, are sent to assist you in an unprecedented situation. Your lives and the continued existence of your country are both in peril. The threat does not come from a foreign power, but from within. The bottom line is that U.S. Republicans and Democrats absolutely must work together arm-in-arm to thwart the evil plans of the enemy. On December 7, 2020 Professor Haim Eshed, former head of Israel's space program, broke the 74 year-old secrecy code. The time has come for Full Disclosure of post-World War II history and its incredible implications for millions or perhaps billions of lives.

The story begins at the end of World War II when the U.S. decided to recruit Nazi scientists to assist in the Cold War with the Soviets. The Nazis were given new CVs and new names before being appointed to important jobs – both civil and military. It was called Operation Paperclip and can be found on Google. It wasn't long before the German Nazis, in cooperation with like-minded Americans, were in control of important segments of the U.S. military to begin a story that makes science fiction look tame. Their first big break came on Tuesday, July 8, 1947, at 11:00 a.m. Mountain Time (MT), when Roswell Army Air Field commanding officer Colonel William Blanchard announced (in a press release) the recovery of a flying disc.

THAT WAS THE TRUTH! Later that same day, at approximately 4:30 p.m. Central Standard Time (CST), Brigadier General Roger Ramey, the commander of the Eighth Air Force, and Blanchard's supervising officer, presented to the press an alternate story. He claimed the army had recovered a rawin target device suspended by a Neoprene rubber balloon. THAT WAS A LIE!

It was not only a lie, it became the cornerstone of a gigantic structure of lies and deceit spanning more than 70 years during which the American press and Congress were deliberately uninformed and systematically misinformed about the subject of the Extraterrestrial (ET) presence on and around our planet, but also the extent to which their vastly superior technology has been replicated for military and industrial use. The truth, when revealed, will blow your minds. Meanwhile it is all wrapped in the impervious National Security Act, 1947.

A hint of what became known as the "shadow government" came from the late Senator from Hawaii, Daniel K. Inouye who said: "There exists a shadowy government with its own air force, its own navy, its own fundraising mechanism, and the ability to pursue its own idea of the national interest, free from all checks and balances, and free from the law itself." This group joined with the Cabal I describe in my book to build the most formidable space fleet in recorded history, and to endorse the idea of a New World Order (NWO) comprising a fascist world government, committed to a genocide of the majority of the world's population. It now has the power to strike at will, so you will have to adopt massive new measures at once.

Defunding is your only weapon. You should cut the defense budget by 50% at once, but it has to be directed. It should include the entire space fleet, or fleets. It should include the CIA in its totality, as it has been most involved in the Nazi agenda. DARPA should be shut down until you can discern directly, and from Elana Freeland's two books including *Chemtrails*, *HAARP*, and *the Full Spectrum Dominance of Planet Earth*, some of the various devices that are being prepared to kill us. And the National Security Agency should be shut down in its entirety to provide a level playing field. It spies on everyone, even the president. So if it were to continue in operation while you are trying to discern who is loyal to the Republic and who is backing the NWO it would provide the Nazis with a critical advantage. Read pages 1-18 of *Liberation!* to get the picture.

The First Plague, arbitrarily labelled the Fourth Reich is the most urgent. It is not a conspiracy theory. It is a conspiracy! More precisely it is a decades-old plan to establish a world without borders, dramatically depopulated for the exclusive benefit of the “superior race” and its alien allies. In his book *The Secret History of Extraterrestrials*, Len Kasten traces the cooperation of Hitler and the primary species of extraterrestrials that is part of the NWO. You will have no trouble getting whistleblowers to confirm the facts. Dr. Steven Greer, who should be given the nation’s highest honor for giving up his medical practice to work full time trying to alert the American people, can give you a list to start with. But you will have to grant immunity under the National Security Act so that whistleblowers of all stripes will feel comfortable speaking the truth.

Each Plague needs its own bipartisan committee with the exception of money and banking. It is evil to the core. And at this very minute new evil is being planned. The monopoly has to be attacked frontally and fundamentally. The entire Federal Reserve System has to be nationalized without compensation because its assets are U.S. debts squeezed from the blood and sweat of U.S. workers. A new 100% publicly owned Bank of the United States must be established. The first Governor has to be a complete outsider, someone like Catherine Austin Fitts who could establish a formula for sharing the money-creation function between the government and private banks.

Perhaps a fifth committee could be omnibus and look at problems of all kinds. For example, the Coronavirus Pandemic has created more speculation than I have ever seen on any subject. Was the University of North Carolina involved in any way in cooperation with the Wuhan Institute of Virology in China? Was the virus developed for military use? Are there others in the line? Former director of NASA, Scott Hubbard, has warned that the Next Killer Supervirus could be alien in nature. Where did he get that information?

There are many other problem areas. Recent decades have seen a cartelization of many industries that should be broken up such as big banking, big pharma, big news outlets. In a second book, Daniel Estulin, the author of *The True Story of the Bilderberg Group*, shows that every major English language news outlet, both print and electronic, is either owned or controlled by a Bilderberger. That is not a free press which is fundamental to democracy. And, of course, allowing the cartelization of the food industry is a capital offense against the poor people of the world.

Even worse is to use food for population control. You must read *Seeds of Destruction: Hidden Agenda of Genetic Manipulation* by F. William Engdahl. This is what Global Research has to say about it: “This skilfully researched book focuses on how a small socio-political American elite seeks to establish control over the very basis of human survival: the provision of our daily bread. ‘Control the food and you control the people.’ The author cogently reveals a diabolical world of profit-driven political intrigue, government corruption and coercion, where genetic manipulation and the patenting of life forms are used to gain worldwide control over food production. If the book often reads as a crime story, that should come as no surprise. For that is what it is.”

The America you are charged to examine sounds like one that has been heavily influenced by Lucifer, aka Satan, or the Evil One. Lack of spirituality is the root cause of nearly all the big problems. America will never be really great again until it undergoes a Spiritual Revolution. My book *Hope Restored* proclaims that God is alive and well and everywhere. The Cosmos, comprising all particulate matter, is His body. We, too, are all God’s children and made in His image. That doesn’t mean we look like Him, but that we are part of Him, and He is part of us. Neither the color of our skin, nor our race, sexual preference or beliefs denies the fact that we are siblings and that He loves us all and unequivocally. That is the kind of true love we must emulate because it is the glue that holds the Cosmos together.

Respectfully submitted,
